

CLEAR VIEW KIT®

• **CLEANER / RESTORER & PROTECTOR FOR ALL SEE THROUGH PLASTICS**

DIRECTIONS:

If plastic has turned white, yellow or scratched, clean first with CLEAR VIEW® No.1 CLEANER / RESTORER.

Protect adjacent canvas to prevent staining.

DIRECTIONS CLEAR VIEW No.1:

Apply CLEAR VIEW® No.1 CLEANER / RESTORER to a clean dry white cloth and rub vigorously into plastic.

Buff residue off with clean dry cloth. Repeat until plastic is transparent.

Apply CLEAR VIEW® PROTECTOR No.2 to maintain appearance.

CLEAR VIEW® PROTECTOR No.2 contains antistatic properties to repel dust and dirt, sun screens to retard fogging and yellowing and plasticizers to renurture and restore suppleness. Regular use will extend the life of all see through plastics.

DIRECTIONS CLEAR VIEW No.2:

Pour CLEAR VIEW® PROTECTOR No.2 onto soft, clean white cloth and rub vigorously into plastic.

Buff with clean dry white lint free cloth to crystal-like shine.

Reapply every 6 to 8 weeks to keep plastic looking new.

SHAKE WELL BEFORE USING

DO NOT FREEZE
