

POLY GUARD™

- SAFE TO USE ON HYPALON, POLYURETHANE, PVC, NYLON, & RUBBER

Regular use of POLY GUARD™ extends the life and appearance of Inflatables by protecting against environmental deterioration. Made from space age polymers, it does not contain silicone or wax, will not attack adhesives, is not greasy and won't stain clothes. Safe to use on hypalon, nylon, rubber, vinyl and PVC.

DIRECTIONS:

Remove algae, barnacles and zebra mussels with INFLATABLE BOTTOM SPRAY™. Clean entire boat with SPEED CLEAN™. Boat must be clean and dry. Pour POLY GUARD™ onto damp sponge or cloth and apply evenly to surface. Allow to dry. Apply second coat. Do not use boat until completely dry. Protect bottom with REPELIN™ & Fiberglass with PREMIUM BOAT SHINE™ & SURE STEP™ where applicable.

DO NOT APPLY TO HOT SURFACE, IN DIRECT SUNLIGHT OR TO WET OR DAMP SURFACE

DO NOT FREEZE

SHAKE WELL BEFORE USING

CAUTION:

In case of eye contact, flush with water.
